Introduction

Sagarmatha Ghimire Nirman Sewa (SGNS) began as a general works contractor in 1995. Over the years, the group has undertaken many challenging projects and accumulated skills, know-how and experiences in design and build solutions, project management services, building trades and related engineering works.

Today, SGNS Construction takes on the role of main contractor for small to medium to large size projects and performs project management services to coordinates specialist trades for industrial/commercial projects. We also provide design inputs and engineering solutions as value-add services to our clients.

Our objective is to provide our clients with an “I am assured” experience when we are chosen to execute their projects. Our emphasis on clear communication and follow-through procedures ensures that client’s objectives are top priority in the planning and execution of all our processes.

We take pride in our delivery, thus our clients can always be assured that only the most experienced and qualified people are serving them, all the time.

Message from the Director

We are committed to having a good partnership, transparency and reliability with our clients rather than Client-Contractor relationship. Our clients are fully aware that we have the skills, resources and expertise, and most importantly, the ability to complete their projects to the highest standards on time.

Health, Safety, Quality and the Environment are among the most important concerns of our company and we follow strict safety regimes as well as quality procedures and strives to continuously improve its performance. We at SGNS take pride in our achievements which we attribute to the dedication of our staff, whose exceptional skills and expertise are the key value of our company's success. Thanks to our loyal team of workers & professionals, we have succeeded in proving that we can deliver on our promises, we can rise to the challenge and excel in our performance to the satisfaction of our clients.

Mr. Shambu Ghimire, Director
